PROFILE

UI/UX Designer with a strong focus on human-centered design, clean interfaces, and intuitive user experiences. Skilled in creating wireframes, prototypes, and visual layouts, supported by a solid foundation in Computer Science and development. Passionate about designing clear, impactful digital products.

EDUCATION

- **BEng. (Hons) Computer Science** **2024-2028**
University of Westminster, UK.
- **Foundation in higher education** **2023-2024**
Informatics Institute of Technology, Colombo.
- **G.C.E. Advanced Level** **2019-2021**
Rathnavali Balika Vidyalaya, Gampaha.
- **G.C.E. Ordinary Level** **2008-2018**
Rajasinghe vidyalaya, Ganegoda.

ACHIEVEMENTS & CERTIFICATION

- Merit pass – Foundation Programme.
- Distinction pass – English Diploma, British Way English Academy.
- Merit pass – Speaking English, IIMSD Examination.

SKILLS

UI/UX DESIGN

- Wireframing & Prototyping.
- User Interface Design (Web & Mobile).
- User Flow Mapping & Information Architecture.
- Visual Design & Layout Strategy.
- Typography, Color Systems & Branding Alignment.
- Usability Testing & Feedback Integration.
- Tools: Figma, Illustrator, Photoshop, Canva.

DEVELOPMENT

- HTML, CSS, JavaScript.
- Python.
- Java.
- SQL & Basic Database Design.
- Git & GitHub.

PROFESSIONAL SKILLS

- Problem-Solving & Analytical Thinking.
- Clear & Professional Communication.
- Time Management & Task Prioritization.
- Team Collaboration & Leadership.

PROJECTS

■ Peerlit – Collaborative Study Platform

- Developed a study-focused platform to improve motivation and group-based learning.
- Designed core features such as study groups, focus mode, AI study assistance, and resource sharing.
- Conducted surveys and analysis to identify student study challenges.
- Tech Stack: Figma, Google Forms, documentation tools.

■ Life on Land – Project Website

- Developed a responsive website using HTML, CSS, and JavaScript
- Implemented a validated feedback form and followed structured web design practices.

■ Drop4life – Blood Donation Mobile App

- Designed a mobile app wireframe to support blood donation and emergency requests.
- Applied HCI and UX principles to ensure usability and accessibility.

■ ECOX – Eco Route & Impact Tracking App

- Designed a mobile app concept for eco-friendly route planning and environmental impact awareness.
- Created key mobile screens with consistent UI design and clear navigation.

■ Construct Connect – Construction Recruitment Mobile App

- Designed a mobile app concept connecting construction companies with skilled workers.
- Developed feature-driven UI flows, including job matching and filtering.

EXTRACURRICULAR ACTIVITIES

- Student Member, IEEE – IIT 2025/26
- Volunteer – Editing Team | FusioNxt 2025 (IET On Campus – IIT)
- Volunteer – Public Visibility | Vertex'25 (IEEE Robotics & Automation Society, IIT)
